Late Model Oil & Gas Equipment - Flush-by Rod Rigs, Nitrogen Generation Trailer, Compact Production Plants, Acid Transport, Cement and Dump Trucks

Multiple Locations -  
Saskatchewan, Alberta,  
Louisiana, and  
Lubbock  
Texas  
79382  
United States

Starts Jul 26, 2017 1pm EDT

Lot	Description
1	2012 INTERNATIONAL 7600 Tri-Axle Bulk Cement Truck, p/b Diesel Engine, w/Manual Transmission, 385/65R22.5 Front, 11R22.5 & 295/75R22.5 Rear Tires, Tag Axle, 26,159 Miles on Odometer, w/(2) 220-CFT Cement Bulk Tanks, GARDNER DENVER Blower/Compressor, Operator?s Controls S/N 1HTWGAZT5CJ609451
2	2014 MACK Tri-Axle Acid Transport Truck p/b MACK Diesel Engine, w/10-Speed Transmission, 425/65R22.5 Front and 11R22.5 Rear Tires, 37,116 Miles on Odometer, 4,000-Gallon DOT412 Acid Storage Fiberglass Lined Tank S/N 1M2AX04C2EM019388
3	2013 Freightliner 122 SD Tri-Drive Flush-By-Unit Detroit Model DD15 Engine, Eaton 18 Speed Transmission, 188,773 kms, 11,168 Engine Hrs., 20,000 lb Front Axle, 425/65R22.5 Front Tires - 75% Tread Left, 47,550 lb Rear Axles, Full Locking Axles, 11R24.5 Rear Tires - 75% Tread Left, All on Aluminum Whe ...[more]
4	2013 Freightliner 122 SD Tri-Drive Flush-By-Unit Model DD15 560 hp. Engine, Eaton 18 Speed Transmission, 134,696 kms, 6,024 Engine Hrs., Full Locking Rear Axles, 20,000 lb Front Axle, 425/65R22.5 Front Tires - 75% Tread Left, 47,550 lb Rear Axles, 11R24.5 Rear Tires - 75% Tread Left, All on Aluminum ...[more]
5	2013 Freightliner 122 SD Tri-Drive Flush-By-Unit Model DD15 560 hp. Engine, Eaton 18 Speed Transmission, 81086 kms, 6,994 Engine Hrs., Full Locking Rear Axles, 20,000 lb Front Axle, 425/65R22.5 Front Tires - 75% Tread Left, 47,550 lb Rear Axles, 11R24.5 Rear Tires - 75% Tread Left, All on Aluminum W ...[more]
6	2015 IHC 5900SBA Tri-Drive Flush-By-Unit Cummins Model ISX15 500 hp Engine, Eaton Model 8LL 10 Speed Transmission, 69,000 lb Rear Axles, 94,296 kms, 4920 Engine Hrs, 2010 PTO Hrs., Full Locking Rear Diffs, 14,600 lb Front Axle, 425/64R22.5 Front Tires - 75% Tread Left, 11R24.5 Rear Tires - 75% Tread ...[more]
7	2015 Mack Granite Tandem 72' TELESCOPING FLUSH-BY Tandem Complete with Allison Transmission.TRIPLEX PUMP:Gardner DenverTEE-F-3X5 Triplex Pump, Standard 6" Suction Manifold, Mounted on Head Ache Assembly c/w: Load Line, Tie Backs & Cable Guard, 3" Gear Type Feeder Pump (Hydraulic Driven), Fabricate ...[more]
8	2014 PCI M1400HP NGU-95-4000 High Pressure Nitrogen Generating Unit 4,000PSI Output Pressure, 1400SCFM Output Flow, 95% Gaseous Nitrogen, 24V DC Control Power, 120/240 VAC Aux Power, (2) Atlas Copco Hurricane SB3244 Compressor With CAT C32 Acert 1124HP Diesel Engines, SPX Flow-Through Booster Mounte ...[more]
9	2005 Compact Production Plant, max. allowed working pressure is 1440 PSI, M.A.W., (1) Flameco 750,000 MBTU line heater, (1) 125,000 MBTU line heater, .656 shell thickness, 20" x 10" - 2-phase separator, Flameco arrested burners with Mallard controls, stainless steel pressure safety valves, includes ...[more]

- 10 2005 Compact Production Plant, (1) Flameco 750,000 MBTU line heater, (1) 125,000 MBTU line heater, Flameco arrested burners with Mallard controls, included reclaim tower, M.A.W., max. allowed working pressure is 7800 PSI, .375 shell thickness, built in November 2005, 20" x 10" - 2-phase separator, u ...[more]
- 
- 11 2005 Compact Production Plant, (1) Flameco 750,000 MBTU line heater, (1) 125,000 MBTU line heater, Flameco arrested burners with Mallard controls, included reclaim tower, M.A.W., max. allowed working pressure is 1440 PSI, .656 shell thickness, 20" x 10" - 2-phase separator, also includes Mallard lev ...[more]
- 
- 12 2006 Compact Production Plant, (1) Flameco 750,000 MBTU line heater, (1) 125,000 MBTU line heater, Flameco arrested burners with Mallard controls, included reclaim tower, M.A.W., max. allowed working pressure is 1440 PSI, .656 shell thickness, 20" x 10" - 2-phase separator, stainless steel pressure ...[more]
- 
- 13 2007 Compact Production Plant, M.A.W. with (1) 750,000 MBTU line heater, and (1) 125,000 Flameco MBTU line heater, with (3) separating tanks, gauges, skidded 10' long x 20' deep, Flameco arrested burners with Mallard controls, included reclaim tower, max. allowed working pressure is 1440 PSI, .656 s ...[more]
- 
- 14 2007 Compact Production Plant, M.A.W. with (1) 750,000 MBTU line heater, and (1) 125,000 Flameco MBTU line heater, with (3) separating tanks, gauges, skidded 10' long x 20' deep, Flameco arrested burners with Mallard controls, included reclaim tower, max. allowed working pressure is 1440 PSI, .656 s ...[more]
- 
- 15 2006 Compact Production Plant, M.A.W., with (1) 750,000 MBTU line heater, and (1) 125,000 Flameco MBTU line heater, (3) separating tanks, gauges, skidded 10' long x 20' deep, max. allowed working pressure is 1440 PSI, .656 shell thickness, 20" x 10" - 2-phase separator, Flameco arrested burners with ...[more]
- 
- 16 2005 Compact Production Plant, M.A.W., with (1) 750,000 MBTU line heater, and (1) 125,000 Flameco MBTU line heater, (3) separating tanks, gauges, skidded 10' long x 20' deep, max. allowed working pressure is 1440 PSI, .656 shell thickness, 20" x 10" - 2-phase separator, Flameco arrested burners with ...[more]

- 17 Open
- 
- 18 Open
- 
- 19 2006 Compact Production Plant, M.A.W., with (1) 750,000 MBTU line heater, and (1) 125,000 Flameco MBTU line heater, M.A.W., max. allowed working pressure is 1440 PSI, .656 shell thickness, 20" x 10" - 2-phase separator, Flameco arrested burners with Mallard controls, included reclaim tower, stainles ...[more]
- 
- 20 2004 Compact Production Plant, M.A.W., with (1) 750,000 MBTU line heater, and (1) 125,000 Flameco MBTU line heater, max. allowed working pressure is 1440 PSI, .656 shell thickness, 20" x 10" - 2-phase separator, Flameco arrested burners with Mallard controls, included reclaim tower, stainless steel ...[more]
- 
- 21 2007 Compact Production Plant, M.A.W., with (1) 750,000 MBTU line heater, and (1) 125,000 Flameco MBTU line heater, M.A.W., max. allowed working pressure is 1440 PSI, .656 shell thickness, 20" x 10" - 2-phase separator, Flameco arrested burners with Mallard controls, included reclaim tower, stainles ...[more]
- 
- 22 Massey Ferguson 481 Tractor with 4 cylinder diesel engine, 579 metered hours, 4 speed transmission, 4 WD, 3 pt. PTO, (2) remote hydroports, 18.4-30 rear tires, custom built rollover protection cage, power steering, runs and operates, S/N 9366BN20079.
- 
- 23 High pressure Line Heater and (1) Traco low pressure separator, 24 x 10. Please note: additional time of up to 10 days will be permitted for removal upon request and appointment. Thank you.
-

- 24 Ingersoll-Rand IR-204 Triplex Pump model C-180, with Lister 3 cylinder diesel engine, air started twin disk transmission with air volume tank, skidded, mounted to a metal platform. Please note: additional time of up to 10 days will be permitted for removal upon request and appointment. Thank you. S/ ...[more]
- 
- 25 Gaso P34M Triplex Pump belt driven, no motor, mounted on platform, skidded, S/N 35993, approx. 13' length x 48" width, does NOT include motor, condition unknown.
- 
- 26 Compressed Oxygen Tanks each tank approx. 50" tall.
- 
- 27 Compressed Oxygen Tanks each tank approx. 50" tall.
- 
- 28 (1) skid full of assorted belts
- 
- 29 partial spool of 1/2" braided steel cable.
- 
- 30 Hofmann Geodyna 39 Tire Balancer with zip lock adapter
- 
- 31 Lufkin Well Pump ARI size 160D, gear ratio 28.67, HP 205-33.2, gear torque rating 160,000, S/N 364, includes structure size TC33TAPI safe load capacity, designation #TC.33T.22G, API size 160D, order #11695, M.P. at 20 S.M. 33.2, gear ratio 28.67, peak torque rating in lbs. at 20 PSI is 160,000, S/N ...[more]
- 
- 32 Joy Gas Compressor Unit Class-WBJ-12, max. HP 140 LH, angle max. diesel, pressure 300 PSI, shop #85938, max. discharge pressure 1250 PSIG, design pressure 330, MAP HP 100, bore size 7 1/2", R.H. angle, stroke 7, RPM 700, max. rod load 13,000, max. HP 150, 8 cylinder natural gas engine, radiator and ...[more]
- 
- 33 1989 International 9300 Tandem Axle Dump Truck 808,810 miles, 10-speed hi-lo transmission, wheel base of 585, dual fuel tanks, dual stacks, air ride, Warren, Inc. dump box, model MSF651-15, 14/16 cubic yard, S/N BC48852, Caterpillar model 3406B, 14.6 liter diesel engine, 11R24.5 front steer tires, m ...[more]
- 
- 34 Jet L90 Chain Hoist 5-ton capacity.
- 
- 35 1993 Freightliner Cab over Semi with attached tandem axle RV rig, Detroit Series 60 diesel engine, 8' wide x 23' long living quarters (living quarters includes microwave, stove, tile floor, kitchen cabinets, sink, toilet and shower room), also includes with piggy back tandem axle box trailer, attach ...[more]
- 
- 36 Godwin Towable Centrifugal Pump dri-prime 6" x 5" , with electric starter, single axle trailer, John Deere 4.5 liter diesel engine, 1,266 metered hours, in running and operating condition. S/N PE405D672333
- 
- 37 2002 Western Star 4864FX Boom Crane Truck 67,302 mile showing, 9-speed Eaton Fuller 8-speed transmission, air brakes, def lock, PTO, GVWR 60,000 lbs., tandem axle, dual fuel tank, 21' length steel bed x 8' width, Cat C10 diesel engine, mounted Terex-RO crane, model BT4792, 47,000 lb. capacity, 80' r ...[more]
- 
- 38 2011 Big Tex 14GN-24BK Gooseneck Trailer Plus 5CP GVWR 14,000 lbs, tandem axle, 24' Bed length x 102" W, 5' Beaver tail with (2) 18" W manual folding ramps, has storage in beaver tail, wood deck, manual landing gear, has front storage box, adjustable neck, electric brakes, S/N 16VGX2423D2378018
- 
- 39 2002 Freightliner Semi-tractor 939921 miles, 10-speed transmission, suspension air intercutal differential fifth wheel slide, AM/FM, power windows, with sleeper, air ride suspension, Cummings N14 diesel engine, GVWR 52,000 lbs, front axel GAWR 12,000, first intermediate axle GAWR 20,000, rear axle ...[more]
-

- 40 1998 Texas Brag Ent T/A Gooseneck Trailer 14,000 lbs GVWR, model # 20+50TWGN, wood deck, electric brakes, 20' bed length, 60" beaver tail, 96" W, missing rear tail lights, contents on trailer not included. S/N 17XFG2527W1987922
- 
- 41 Genie Light Tower towable, forehead light tower with manual extendable rear arms, 2-5/16 ball, manual landing gear, single axle, 2004 916-CC diesel engine, hour meter is inop, in working condition.
- 
- 42 1992 Mack CB T/A Truck mack 427 diesel engine, 10 speed transmission, 202" wheel base, 11R225 tires, 1,022,978 miles, also includes 1986 fruhaul vacuum tanker trailer, VIN # 1F9AD52B-2GA009035, 32' overall length, 11R225 tires. S/N 1M2AD08Y5NW001034
- 
- 43 2010 Volvo BL60 Backhoe Loader 86 hp Volvo diesel engine, Orops 4-wheel drive, 1843 metered hours, 91" general purpose front bucket, (2) hydraulic down riggers, 24" HBH bucket, 12/165 front tires, 19.5L rear tires, in running and operating condition. S/N VCE0BL60H00011318
- 
- 44 2007 Chevy 2500 HD Quad Cab Pickup service body, 131000 miles, 2-wheel drive, automatic transmission, manual windows and locks, with rear mounted vice. S/N 1GCHC23U77F150845
- 
- 45 2007 Chevy 2500 Quad Cab Pickup long box, 145987 miles, AM/FM, automatic transmission, manual windows and locks, 2-wheel drive, 6.0L gas engine, has mounted tool boxes and rack, S/N 1GCHC23U37F147070
- 
- 46 Open
- 
- 47 Compact Production Plant, which includes line heater, high and low pressure separator, valves. Please note: additional time of up to 10 days will be permitted for removal upon request and appointment. Thank you.
- 
- 48 Line Heater with 20 x 10 high pressure separator, includes valves and gauges. Please note: additional time of up to 10 days will be permitted for removal upon request and appointment. Thank you.
- 
- 49 Dehigh unit with Tower tower is not pictured, but is included. Please note: additional time of up to 10 days will be permitted for removal upon request and appointment. Thank you.
- 
- 50 1980 Compact Production Plant, with line heater, high and low pressure separator, skidded, winning bidder responsible for proper removal. Please note: additional time of up to 10 days will be permitted for removal upon request and appointment. Thank you.
