

Lot	Description	Quantity
1	2004 Calypso HammerHead Waterjet Cutting System, 8' X 12' Water Jet Cutting System with KMT 30 HP 60K PSI Intensifier Pump, Abrasive Feeder, Missing Control, Table Depth 2.25', complete with Axxium manufacturing INC Abrasive Bulk hopper. Bridge Gantry X-Y table on Uniframe. (The High Pressure System's KMPT Pump is fully integrated into the operating system and features a long slow stroke intensifier for extended seal life, ceramic plungers for increased plunger life, cartridge plungers for increased hydraulic seal design, quiet operation).	1
2	2011 DoAll 500 DS Structural Band Saw 3 Phase, 230 Voltage, 19 Amps. Band Length: 197 Inches. Complete with Baldor Reliance Motor, 3.7 KW, 200 V, 15 Amps. Feeding Table included. S/N 593-11123	1
3	2011 Kemper 8530000000114 Air Filtration System Air Flow: 3000 m3/h, Control Voltage: 24V, Max Static Pressure: 2000 PA, Motor output: 1.5KW Complete with 6 Total Filtration Units. Complete with mounted cartridge filter, flexible exhaust arm, long extension and standard exhaust arm. Excellent condition, will extract welding smoke and particular matter from air to ensure clean air is returned to your workspace. S/N 234918	1
4	2011 Kemper 8530000000114 Air Filtration System Air Flow: 3000 m3/h, Control Voltage: 24V, Max Static Pressure: 2000 PA, Motor output: 1.5KW Complete with 6 Total Filtration Units. Complete with mounted cartridge filter, flexible exhaust arm, long extension and standard exhaust arm. Excellent condition, will extract welding smoke and particular matter from air to ensure clean air is returned to your workspace.	1
5	2011 Kemper 85300000001142 Air Filtration System Air Flow: 3000 m3/h, Control Voltage: 24V, Max Static Pressure: 2000 PA, Motor output: 1.5KW Complete with 6 Total Filtration Units. Complete with mounted cartridge filter, flexible exhaust arm, long extension and standard exhaust arm. Excellent condition, will extract welding smoke and particular matter from air to ensure clean air is returned to your workspace.	1
6	2011 Kemper 8530000000114 Air Filtration System Air Flow: 3000 m3/h, Control Voltage: 24V, Max Static Pressure: 2000 PA, Motor output: 1.5KW Complete with 6 Total Filtration Units. Complete with mounted cartridge filter, flexible exhaust arm, long extension and standard exhaust arm. Excellent condition, will extract welding smoke and particular matter from air to ensure clean air is returned to your workspace.	1
7	2011 Kemper 8530000000114 Air Filtration System Air Flow: 3000 m3/h, Control Voltage: 24V, Max Static Pressure: 2000 PA, Motor output: 1.5KW Complete with 6 Total Filtration Units. Complete with mounted cartridge filter, flexible exhaust arm, long extension and standard exhaust arm. Excellent condition, will extract welding smoke and particular matter from air to ensure clean air is returned to your workspace.	1
8	2011 Kemper 8530000000114 Air Filtration System Air Flow: 3000 m3/h, Control Voltage: 24V, Max Static Pressure: 2000 PA, Motor output: 1.5KW Complete with 6 Total Filtration Units. Complete with mounted cartridge filter, flexible exhaust arm, long extension and standard exhaust arm. Excellent condition, will extract welding smoke and particular matter from air to ensure clean air is returned to your workspace.	1

9	2011 Accurshear 62508 8' Power Squaring Shear, Cap Thickness: 250, Cut Length 8', With 20 HP Motor, Back Gauge Range: 36", Tonnage: 8, Power Squaring Arm: 7.3', Cutting Length" 8' . ¼" Blade Gap, complete with Accurshear Control. Hand Slots in table, Oil Cooler, Description/Spec: Max Thickness 0.25 " Length of Blade 8 ' Hyd/Mech Hyd Back Gauges 36" Power: 20 hp, SPM: 26 spm, Weight:14000 (LBS)	1
10	Open	1
11	2010 Multicam 3000 Series Waterjet Cutting System (Gantry/Motion System), 72"X120" CNC Abrasive WaterJet Cutting System, with Multicam EZ Controller Integrated EZ G-Code Software/Operating System, Full Nesting Capability on board, 800 LB Bulk Abrasive Hopper, 30 HP 90 KPSI KMT Intensifier Pump. Machine is fully operational. Features all-steel, stress-relieved, integral water tank design. Three-side cutting tank access for easy loading and unloading. Integrated fork lift tubes for easy machine positioning. Heavy-C channel guttering for water runoff and significantly increased machine rigidity. Moving gantry with dual side, brushless, digital AC servo drives, full 360-degree bellows on all axes. Fast switching between Pure water and Abrasive cutting. Weir settling tank and sump pump. MultiCam EX Control and EX Suite Software, Integrated PC with 19" LCD Monitor, KMT 30 HP Pump. Maximum cutting Speed: 1500 IPM, Z-Axis clearance 10", Z-Axis Travel 8". Drives: Brushless, digital AC servo. Travels: 120"x60"x10", table height: 36"	1
12	Bridgeport X4902-00 Milling Machine, 2HP Drill Press Low Range - 120 High Range 1000 Cycles 50 Ph- 3, HP 2, Frame: 145TY-4, Volts 200/400, RPM: 1430 S/N 2j- 5344002	1
13	Burr King 760 3-Wheel Belt Grinder 2" x 60" 110 B, Single Speed	1
14	2011 TimeSaver Series 2200 Belt Sander w/ 14 ft of roller conveyer (NesteFlex 226) Ucan NMRV063 5 HP, 230 V, PV FS-2, 37" Belt, 37" Table	1
15	Mitsubishi FGC25 Propane Forklift Weight: 8,740 lbs., load capacity: 4,000-5,000 lbs. Max Mast/Lift Height 188" . Triple Mast, side shift . Tires: Cushion/Solid. Liquid Propane Fuel Type. S/N Af17B-90176	1
16	Taylor -Dunn Manufacturing Co 1159 SC Forklift with Eagle Performance Charger. Serial No. 61786, 24 V, 750 Cap	1
17	Taylor -Dunn Manufacturing Co 1159 SC Forklift with Eagle Performance Charger. Serial No. 61786, 24 V, 750 Cap	1
18	4' x 3' W Small Electric Lift	1
19	10 x 10 Walk-In Master-Bilt Freezer, Temps From -40 to 65F	1
20	10 x 10 Walk-In AmeriKooler Cooler, Model: PLP600, S/N: 102251, Temps From -40 to 65F	1
